BLACK FUTURES Summer Sessions offers nine weeks of virtual programming, mentorship, and peer support to help student founders design scalable businesses. During each Summer Session, students will receive a tutorial on how to develop segments of the business plan and pitch deck and prepare drafts. All participants will also receive a year-long membership to Wix, Miro, and Figma for their MVP.

How to apply:

1. Be a college or university student or alumni.
2. Be committed to attending all nine sessions.
